Mission Statement

The National Christian College Athletic Association (NCCAA) is an association of Christ-centered collegiate institutions whose mission is to use athletic competition as an integral component of education, evangelism and encouragement.

We serve our members by setting association compliance standards, developing communication resources, providing regional/national championship competitions, and partnering in outreach to our communities and the world.

We are committed to equipping student-athletes and coaches to make a positive impact for Christ.

Academics • Athletics • Outreach

The NCCAA was founded in 1966 and incorporated in 1968 to promote intercollegiate athletic competition with a Christian perspective. Today, more than 15,000 student-athletes and 800 coaches participate annually in 24 national championships as well as 1 invitational, in both men's and women's sports. The NCCAA also promotes international and intercultural competitions that emphasize ministry and outreach to those who may never have heard the Gospel of Jesus Christ.

The Christ-centered member colleges and universities of the NCCAA are recognized by businesses worldwide for providing a quality education and spiritual enrichment on a daily basis. These institutions are committed to creating an environment that emphasizes biblical and spiritual principles as part of the teaching and learning process. The NCCAA expects academic excellence and encourages discipleship training for our student-athletes and coaches through development programs, materials and conferences on key issues.

The NCCAA believes one of our greatest opportunities for outreach is on the field of competition where ability and attitudes are tested. We believe a sport is much more than just a game. Sports provide a unique opportunity to both serve and worship the Lord Jesus Christ, whether in wins or in losses. Athletes will not always win on the playing field, but they can be winners in the most important game: leading a Christian life.

Provisional membership is a possible designation for any new member that seeks full membership. This would include members who are starting new athletic programs, have gender inequality within their programs, have questions about their accreditation, or other concerns designated by the site visit team.

Associate membership provides NCCAA affiliation for those institutions who do not choose to compete in NCCAA regional or national competition.

NOTE: Institutions without either designation are full members.
